

## 2021 Wyandotte County 4-H Club Days

This document contains the current plans for the 2021 Wyandotte County 4-H Club Days event but is subject to change. Any changes made will be communicated as soon as possible.

With the health and safety of our community and Wyandotte County and KSRE COVID-19 protocols in the forefront of planning, Wyandotte County 4-H Staff continue to work towards creating alternative experiences that are safe, competitive and positive for youth to participate in.

This guide can be used for updated information on submitting entries for each area being offered during the 2021 Club Day event. Refer to the 2021 Regional Club Day Guidelines for rules.

The 2021 Wyandotte County 4-H Club Days will be held virtually. As a way to limit group interactions, only solo/individual entries will be allowed this year – no exceptions. Video submissions should be uploaded via a google form by 5pm on February 20<sup>th</sup> to be judged.

Click [here](#) to access the google form for entries. A separate Google form will need to be submitted for EACH entry. Video submissions will need to be uploaded to YouTube to create a shareable link.

Regional Club Days will be offered through a virtual format as well. No group events will be held at the regional level. More information about regional club days to come.

If your family runs into complications with recording or uploading submissions, please contact Jessie before February 15<sup>th</sup>.

We're looking forward to seeing everyone's entries!  
Let us know how we can support you!
