

A close-up photograph of several yellow wildflowers with small, clustered blossoms and thin, needle-like leaves. The flowers are in sharp focus against a blurred background.

Plants Gone Wild! Controlling Invasive Plants

PRESENTED BY LYNN LOUGHARY,
WYANDOTTE COUNTY EXTENSION HORTICULTURE AGENT

Thursday, July 6 11:30 am

WYANDOTTE COUNTY EXTENSION OFFICE:
1208 N 79TH ST. KCK 66112

Given the opportunity, certain plants can take over your landscape, woods, and pastures. Join Lynn Loughary, Wyandotte County Extension Horticulture Agent, as she helps you to know which plants to keep a close eye on. Learn about a few of our most invasive plants, and management strategies for their control. Discover which weeds are also regulated by law, through Kansas's noxious weeds program.

Master Gardener
Wyandotte County

K-State Research and Extension is committed to providing equal opportunity for participation in all programs, services and activities. Program information may be available in languages other than English. Reasonable accommodations for persons with disabilities, including alternative means for communication (e.g., Braille, large print, audio tape, and American Sign Language) may be requested by contacting the event contact (iJo Mlelamd) two weeks prior to the start of the event (913-299-9300 and jmcMahon). Requests received after this date will be honored when it is feasible to do so. Language access services, such as interpretation or translation of vital information will be provided free of charge to limited English proficient individuals upon request.

A close-up photograph of several yellow wildflowers with green stems and leaves, serving as a background for the top half of the flyer.
