

Native Bees

PRESENTED BY KRISTEN MANION,
EDUCATION SPECIALIST AT SCHLAGLE LIBRARY AND
ENVIRONMENTAL LEARNING CENTER

Thursday, May 16th
11:30 am

WYANDOTTE COUNTY EXTENSION OFFICE:
1208 N 79TH ST. KCK 66112

Over 80% of our native plants (and many crops!) are pollinated by bees that are native to North America. In this talk, Kristen Manion will explain the difference between native bees and honeybees, go over the many different families of North American bees, how native bees help native plants, and what you can do to help protect native bees.

Pre-registration for this class is not required.
There is a \$10 class fee payable at the door.

Research and Extension

Master Gardener
Wyandotte County

K-State Research and Extension is committed to providing equal opportunity for participation in all programs, services and activities. Program information may be available in languages other than English. Reasonable accommodations for persons with disabilities, including alternative means for communication (e.g., Braille, large print, audio tape, and American Sign Language) may be requested by contacting the event contact (iJo Mlelamd) two weeks prior to the start of the event (913-299-9300 and jmcmaon). Requests received after this date will be honored when it is feasible to do so. Language access services, such as interpretation or translation of vital information will be provided free of charge to limited English proficient individuals upon request.
